

AB 705

STUDENTS' RIGHT TO BE IN TRANSFER-LEVEL COURSES

WHY DIRECT ENROLLMENT MATTERS

Direct enrollment significantly increases your chances of completing college-level courses and transferring to a 4-year college

- Post-AB 705, 60% of students who start in transfer-level math pass it within one year vs. 14% of students who begin in a remedial course*
- Prior research shows these students are also three times more likely to transfer to a four-year university*

WHAT ARE YOUR RIGHTS?

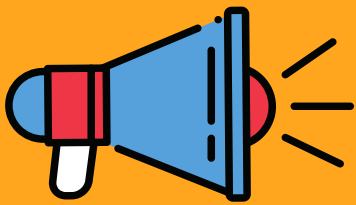

Students have a right to:

- Directly enroll in transfer-level English and math without having to take a remedial course
- Placement based on high school grades and coursework without placement tests
- Information on AB 705 and placement options

WHAT SHOULD YOU DO?

- **Educate** yourself on your rights and the benefits of directly enrolling in transfer-level courses
- **Demand** access to transfer-level courses, and don't take no for an answer! You can enroll with a corequisite course if you need it
- **Organize** with other students on campus and statewide
- **Contact** Public Advocates if you are denied access to transfer-level courses—it is your right and you have the capability to succeed!
