

# Highlights from the State Budget: What to Expect for the 2022-2023 School Year

1

**More money for school districts for the 2022 - 2023 school year, including...**

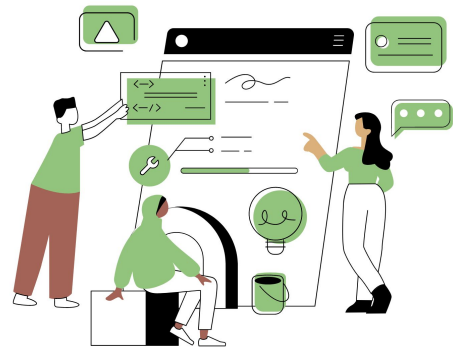

- ★ **PERMANENT 13%** increase to district funding for every child
- ★ Almost **TRIPLE** the **ongoing** funding for before school, after school, and summer school programs
- ★ **\$7.9B** in **one-time** grants for learning recovery
- ★ **\$3.6B** in **one-time** grants for arts, music, and learning materials

2

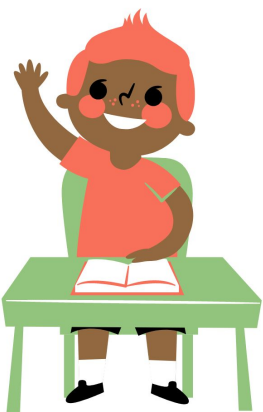

**More opportunities to invest in student and family engagement, including...**

- ★ **\$1.1B** for **more community schools** grants

- ★ Expanded Community Engagement Initiative (CEI) to provide **training and support** on community engagement practices

Make sure everyone has a say in how this money will be spent!  
**Ask your district to:**

- ❖ Amend their Local Control and Accountability Plan (LCAP) to:
  - ❖ Use the most **up-to-date numbers** from the final state budget
  - ❖ Include **ALL** of their estimated funding and not just LCFF funds
  - ❖ Include any **unspent money** from the 2021-2022 school year
  - ❖ Present a plan to engage with students, families, staff, and community members on any **extra money** they receive as a result of the final state budget
- ❖ Engage students and families in the creation of **transformational community schools**
- ❖ Plan to **apply** for a Community Schools Grant and join the next Community Engagement Initiative cohort if they have not already
